# REIGNITE

Take me back / take me back to where our love first began /  
Like an open fire burning inside of me / how did I let the flame fade away  
but now I hear you calling

My love reignite the fire / feeling your desire over me / I begin to burn  
again / come breath a little life into these embers / I still remember /  
the first time you touched me

Awakening / I begin to feel the fire returning / Holy Spirit /  
you're stirring my heart again / raise me up / take me high on the wings  
of an eagle / reign in my life with your glory

Reignite the fire / feeling your desire over me / I begin to burn again /  
come breath a little life into these embers / I still remember /  
the first time you touched me / took me held me / poured your loving fire  
inside me / flooding / burning / longing / yearning / bringing me to life  
our love is rising again

Come my love / come my Lord / I'll be yours forever / let this love now  
take us over

Reignite the fire / feeling your desire over me / I begin to burn again /  
come breath your life into these embers / I still remember /  
the first time you touched me /

My Lord unite the people / may we stand together with the passion of your  
love and in the power of your name /  
eight billion souls for the kingdom / yours is the power and the glory /  
Forever and ever amen

## CALLING ALL BELIEVERS

There is only one way to the Father / There is only one path to eternal life / There is only one truth and it's found in the risen one / And his name is Jesus / The Son of God almighty / He came and gave His life That we might have salvation

Calling all believers to stand up and fight for the King / From every nation with one voice / Shout for the king of Kings / He is alive

The universe is not the answer / look beyond the stars to it's creator / He is the Lord on high and He knows your name / He reaches out to every nation / every colour and creed every religion / He came to show the way to eternal life

Calling all believers to stand up and fight for the King / From every nation with one voice / Shout for the king of Kings / He is alive / the battle is won / the King is alive / the battle is won

The battle is won in the heavenly places / the battle is won / when we are humble and pray / He hears our cries and He will heal the nation / So put your armour on and form the battle line / For our King shall reign forever

Calling all believers to stand up and fight for the King / From every nation with one voice / Shout for the king

Calling all believers to rise up and fight for your King / from every nation with one voice / Shout out the name of Jesus / He is alive / the battle is won / the King is alive

Calling all believers to rise up / from every nation with one voice / Shout out the name of Jesus / He is alive the battle is won / the King is alive

## WARRIOR ANGEL

I remember when the gates of heaven opened / and all the angel armies  
formed a guard of honour / The King had conquered the grave /  
And now returned to Glory / His name be exalted on high

I was born to rise with the power of the Son burning me with desire /  
With the Spirit within warriors come alive /  
With an army of ten million angels / Lord lead us to the battle line

Standing before the throne with all the angel armies /  
I see the Lion of Judah about to roar in anger / This is the final battle /  
the enemies reign is over / Our King be exalted on high

I was born to rise with the power of the Son burning me with desire /  
With the Spirit within warriors come alive /  
With an army of ten million angels / Lord lead us to the battle line

I was born to rise with the power of the Son burning me with desire /  
With the Spirit within warriors come alive /  
With an army of ten million angels / Lord lead us to the battle line

## KATHAROS

Deep waters flowing over me / calling me home /  
I feel you breaking my chains with your love / you touch my pain and it  
falls to the ground

My heart is beating for you / something's coming over me /  
And I / I think I'm ready now / I stand before you / reaching out /  
You touch me I feel / your love / flow right through me now

All the fears of tomorrow fade away / with the whisper of your love /  
I feel you right by my side every step of the way /  
As you're guiding me home

My heart is beating for you / something's coming over me /  
And I / I think I'm ready now / I stand before you / reaching out /  
You touch me I feel your love / flow right through me now

My heart is beating for you / something's coming over me /  
And I / I think I'm ready now / I stand before you / reaching out /  
You touch me I feel your love / flow right through me now  
My heart is for you / I feel your love all over me / I'm ready now

Ohhh I feel my heart is softening / and my walls are tumbling down down down  
When I hear you whispering / that you love me

I'm baptised by your love washing over me / everyday with you by my side /  
makes this journey worth breathing / I'm breathing your la la la la la la love

Anything is possible when you're with me

## MY AMERICA

I see the Lord God raising a man / I see the Lord God guiding his hand  
I hear the Lords voice / calling out his name / oh and I have chosen /  
A leader to stand for my people / A leader to stand for his nation  
An I will call him my anointed one

America / I have not forsaken you / My America / I have not forgotten you  
I hear the cries of my people / I'm bringing healing to the land  
I see the heart of the nation / and I will make her great again

From the fire I am shielding you / from the enemy / I am protecting you /  
They come in power / but they come against the Lord God  
You are chosen and I want you to know me / You're anointed /  
And I'll show you my power and my glory / as you call upon my Holy name

America / I have not forsaken you / My America / I have not forgotten you  
I hear the cries of my people / I'm bringing healing to the land  
I see the heart of the nation / and I will make her great again

Stand with Israel and I will fight for you

And I will make her mine again

America / I have not forsaken you / My America / I have not forgotten you  
I hear the cries of my people / I'm bringing healing to the land  
I see the heart of the nation / and I will make her great again

America / I have not forsaken you / My America / I have not forgotten you  
I hear the cries of my people / I'm bringing healing to the land  
I see the heart of the nation / and I will make her great again

My America

## WHAT YOU'RE WORTH

When your heart is feeling weary / And you feel you've lost your way  
And It feels like I'm all alone / lost in the shadows / and my light is fading away

What am I worth to you? / God where are you?  
Child I am here beside you / open up your heart /  
When I turned against my only Son for you / then you're worth everything

Remember you're my beautiful child / don't you realise how much you mean to  
me / I let my Son die for you / that you might be set free / see I've made a  
way / I've made a way for us to be together

So next time this broken world tries to tell you what you're worth / remember

What you are worth to the Father of creation / what you are worth to the all  
powerful King / when He turned His back against His only Son for us /  
Then we're worth everything / we're worth everything

I am here there's no need to worry / and I am always beside you  
I am here / you are my beautiful child

## JESUS THE LIGHT

In a world of sinking sand / Lord you are my foundation  
On this solid rock I stand / take me deeper in your love / I wanna know you

Jesus you are the light / the Saviour of the nations / come revive the fire /  
The passion of salvation / let it burn / let it burn / till my life reflects your name  
Messiah you are the Holy one

My family and my friends / Lord some of them don't yet know you /  
You're the only one who can / bring their hearts to life /  
I want them to know You

The passion of salvation / let it burn / let it burn / till my life reflects your name  
Messiah you are the Holy one / Ohhh

Lord break my heart / that I may reach them with your love / before it's too late

Jesus you are the light / the Saviour of the nations / come revive the fire /  
The passion of salvation / let it burn / let it burn / till my life reflects your name  
Messiah you are the Holy one
